TREND YOUR POOL

The TREND Group was born by the hand of Pino Bisazza who, together with several qualified colleagues, created in the year **2000** an enterprise that blends the **artistic Italian tradition** with a **respect for nature**, and the **most innovative technologies** – a company that now boasts of hundreds of employees all around the world.

What makes TREND the excellent, devoted company it is today is its commitment to detail in the creation of aesthetical environments, built with the best technology and an eco-friendly, innovative system.

TREND glass mosaic dialogues with the brightness of the sky and the water. A classic covering, elegant and discreet, integrated in the surrounding environment in landscape swimming pools, or emphasized, playful and scenic in designer swimming pools, the TREND mosaic guarantees quality, long life, resistance, easy maintenance, making a swimming pool really valuable, a real investment.

TREND has demonstrated a unique ability to synthesize the essential principles of its Italian tradition with the dynamic creativity of today's most celebrated designers, architects and artists.

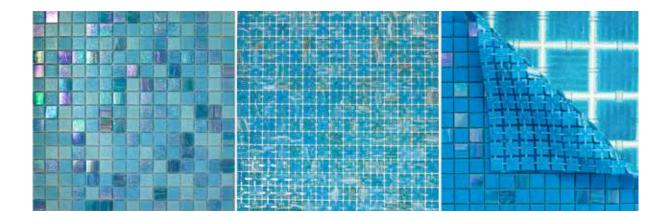

Crown Towers, Western, Australia

Costa Navarino Resort, Messinia, Greece

TREND OTHER MAJOR PROJECTS AROUND THE WORLD:

St. Mark's Basilica, Venice, Italy
Westminster Cathedral, London, UK
Sagrada Familia, Barcelona, Spain
Basilica of the National Shrine of the Immaculate Conception in DC, USA
Nine Columns in La Biennale, Venice, Italy
Clock Royal Tower, Makkah, UAE
"Mosaic Maddox", London, UK
Galleria Vittorio Emmanuele II, Milan
Trocadero, Paris, France
L'Opera and Le Sacre-Coeur, Paris, France
Doha Theater, Qatar
The Detroit Institute of Art, USA
Bund 18, Shanghai, China
Moschea, Abu Dhabi, UAE
Lennox Head Cultural Centre, Australia
Domus Orsoni Hotel, Venice, Italy
Grande Real Villa Italia Hotel, Cascais, Portugal
Urban Hotel, Madrid, Spain
Les Lodges Sainte-Victoire Hôtel, Aix-En-Provence, France
Four Seasons Hotel Abu Dhabi, UAE
Hotel Park Hyatt Vendôme, Paris, France

TREND PLUS

TREND PLUS pre-mounted support
316 x 316 mm sheets (10 sheets/sqm) are the
ultimate solution for fast and easy installation.

TREND PLUS pre-mounted support represents the best solution for the installation of the mosaic in any environment, including where there's direct contact with water as in steam baths and swimming pools. TREND PLUS pre-mounted support meets CSIRO ISO 13007-1:2004, the minimum requirements for tensile strength after water immersion. The system deemed to meet the minimum requirements for tensile strength for wet adhesion.

TREND PLUS pre-mounted support is an innovative technology with polyurethane reactive (PUR) pre-mounted rear support, solvent free and non-flammable for glass mosaic sheets. TREND PLUS pre-mounted support: 90+ percent of bonding surface available as recommended by the Australian Standards; TREND ensures that THE FILLING OF THE GROUT VOID IS 100% UNOBSTRUCTED by our Polyurethane PLUS pre-mounted support. The PLUS pre-mounted support is 100% UV stable Polyurethane and does not expand or contract in submerged situations.

TREND PLUS pre-mounted support guarantees maximum flexibility of the sheets while ensuring stable and secure support during installation without detaching of the tiles. It can be used with any bonding and is the best solution for the installation of the mosaic in any environment: outdoor, indoor, swimming pools, etc.
* Use a 4 x 4 mm notched trowel for installation

All ranges of TREND mosaics are also available in film face support for an absolute 100% of bonding surfaces back and grout sides of the tiles.

ITALIAN DESIGN ∘ MODERN
ANGULAR & GEOMETRIC ∘ FLAWLESS EDGES
LONG STRAIGHT LINES ∘ CLEAR-CUT
SQUARE ∘ ELEGANT

GROUT-LOCK SYSTEM

TREND'S INNOVATIVE GROUT LOCK SYSTEM:

The DIAMOND PROFILE of the tile is designed to trap the filling grout; an ingenious design intended as a defienitive solution to the 'popping' grout issue of sub-standard basic straight up side pro le tiles.

TREND PLUS pre-mounted support is CSIRO ISO 13007-1:2004 certified: the system deemed to meet the minimum requirements for tensile strength for wet adhesion.
TREND PLUS pre-mounted support is the FIRST mosaic with back support DIN EN 1348-2007 CERTIFIED by GERMAN SAURO FLIESNER - VEREINIGUNG E. V. for use in swimming pools.

TREND GUARANTEED

TREND Group is one of few organisations of the industry that wholly owns, manufactures and distributes its goods directly to 50+ countries and counting. This ownership guarantees the highest level of product and service quality throughout three production facilities, five assembly units and six offices located across four continents.
